

Wisconsin Representatives of Activity Professionals (WRAP) is made up of many individuals who serve communities in all areas. All our members volunteer their time to help not only themselves become the best professionals they can be, but to extend that to others who do the same type of work. It has been said that “No one can do everything, but everyone can do something.” And in that spirit, we invite YOU to consider how you can become involved. Some WRAP opportunities and positions require very little time, some require more. Talk to us and find out more information. In the meantime, here are some ways to become involved:
