

## Program Descriptions

### Music for the Non-Music Therapist

*Speaker: Melissa Stockwell*

This session will serve as an educational tool for all participants. We will discuss what Music Therapy is and its roll in serving the geriatric population. We will also discuss music interventions that can be led by the non-music therapist. All participants will experience some hands-on learning. We will look at what some of these interventions would look like and their differences from Music Therapy. The goal is for you to leave well-informed with a "tool belt" of music interventions that you can take back to your facility.

### Music & Memory

*Speaker: Kim Loose*

This session will look at the latest in Music & Memory and what's new in the research. We will discuss care plans and citations along with the behaviors and the use of the iPod. We will look at ways to involve your staff and volunteers. We will also look into some marketing strategies and ideas and give you an update on the Wisconsin Music & Memory Initiative. Finally we will discuss the latest technology ideas and see where you may want to continue to grow. Bring along your questions and concerns and tell us what is working. We will have time to brainstorm together.

## Itinerary

## Speakers

**Melissa Stockwell-** Melissa has her Bachelor's degree in Music Therapy and Music Education and holds her Board Certification in Music Therapy. She has worked with the geriatric population for the past ten years with a focus on residents with sensory deficits and Alzheimer's/Dementia. Melissa serves as the Music Therapist at Mount View Care Center. Over the past year, she has also served as the lead of the Music and Memory Program at this facility. She has a passion for using music in helping others and for teaching others how to use music to help themselves.

**Kim Loose** - Kim has her degree in Occupational Therapy. She has been in the field of long term care for the past 31 years. She has served on the WRAP board, NAAP committees and local activity association. Kim was the Activity Director who brought the first grant for the Music & Memory program to the State of Wisconsin. She serves on the Advisory Board for the Wisconsin Music & Memory Initiative. She is currently starting the Music & Memory program in a second facility – Felician Village, Manitowoc, Wisconsin.
