Chair Chi is a gentle exercise program developed by Pat Griffith to help people receive the benefits of traditional Tai Chi Chuan in the comfort and safety of their chair. This allows people who cannot stand or do not feel confident with their balance (walker, wheelchair, movement disorder) to participate and benefit. Those benefits include balance, flexibility, range of motion, strength, energy, pain relief, stress reduction, tranquility and peace of mind.

Pat Griffith is a certified Tai Chi Chuan instructor and founder of Chair Chi. He has been teaching at health clubs, senior and wellness centers and senior living facilities since 1997.
